For permission to quote or reprint material from QEX or any ARRL publication, send a written request including the issue date (or book title), article, page numbers and a description of where you intend to use the reprinted material. Send the request to the office of the Publications Manager (permission@arrl.org).

About the Cover

Scott Roleson, KC7CJ, found that non-functioning and obsolete equipment can be relatively inexpensive, and can be easily re-purposed as rugged and attractive enclosures for new projects.
