Mr. Norton moved, seconded by Dr. Woolweaver, to amend the agenda to move elections for the ARRL Executive Committee until after the reports of the Executive, Elections and Ethics, Programs and Services, Reapportionment and Legislative Advocacy Committees had been presented. that was somewhat volatile. The impact of the new administration increases the degree of market uncertainty. The importance of diversity in the portfolio is amplified in the current financial and political climate.

Finally, he outlined the work of the Region 2 Executive Committee at its on-line meeting on January 17, 2017.

At 3:14 PM, on the motion of Mr. Pace, seconded by Mr. Vallio, the Board resolved into a Committee of the Whole, to include Directors and Officers. The Committee of the Whole rose at 3:22 and on the motion of Mr. Pace, seconded by Dr. Boehner, the report of the Committee of the Whole was **ADOPTED**.

18. Dr. Boehner presented the report of the Programs and Services Committee and entertained questions. The DX Advisory Committee is being tasked to study ethical considerations related to remote operations for DXCC. The Contest Advisory Committee is continuing its work on the Youth in Contesting study and the consolidation of the HF Contest rules project. The Ad Hoc VHF Contest Revitalization Committee is being extended for a minimum of two years to allow them to monitor the newly created “222 And Up Distance Contest.”

After a comprehensive study, the committee is still discussing possible recommendations to bring forward to the Board for consideration.

The Board was in recess from 5:26 PM until 9:01 AM Saturday January 21, 2017 , reconvening with all persons herein before noted.

23. Mr. Vallio presented the report of the Reapportionment Study Committee and entertained questions. Mr. Vallio, moved and Mr. Olson seconded that:

RESOLVED, that the ARRL Board of Directors thanks the members of the committee for their efforts; and

ACCEPTS the recommendation of the committee to take no action and sunsets the Ad Hoc Committee on Reapportionment effective January 21, 2017.

Mr. Norton moved that the motion be amended to include “So that the members are aware of the issues involved, the report of the Reapportionment Committee will be published”, but the motion did not receive a second. After discussion the original motion was **ADOPTED**.

It is likely that HR 555 – The Amateur Radio Parity Act of 2017 - will be considered by the full House of Representatives relatively quickly. Specific instructions to the FCC on implementation of the bill would be included in the report language from Congress.

26. Mr. Lisenco, moved, seconded by Mr. Williams, that:

The following legislative objectives for the 115<sup>th</sup> Congress of the United States are adopted:

Objective #1: The ARRL seeks early passage of H.R. 555 and any Senate Companion Bill that might be introduced, as being in the best interests of Amateur Radio Operators nationwide:

Objective #2: The ARRL opposes legislation that would lead to the reallocation of amateur spectrum or to sharing arrangements that reduce the utility of existing allocations.

Objective #3: The ARRL opposes legislation that diminishes the rights of federal licensees in favor of unlicensed emitters or encourages the deployment of spectrum-polluting technologies.

Objective #4: The ARRL seeks recognition of the unique resources, capabilities, and expertise of the Amateur Radio Service in any legislation addressing communications issues related to emergencies, disasters, or homeland security.

Objective #5: The ARRL supports the complementary legislative objectives of other radio-communication services.

After discussion, the motion was **ADOPTED** 14-0 with one abstention.

27. On the motion of Mr. Carlson, seconded by Mr. Lisenco the Board unanimously **ADOPTED** (with applause) the following resolution:

Whereas, in 2014, the ARRL Board of Directors created the Barry Goldwater, K7UGA, Achievement Award, to recognize outstanding support of Amateur Radio by an elected Federal official; and

Whereas, the recipients of that award will be officials who have, in a significant way, supported the well-being and continuity of the Amateur Service in the United States; and

Whereas, United States Representative Adam Kinzinger has been the original sponsor of the Amateur Radio Parity Act, initially H.R. 4969 in the 113<sup>th</sup> Congress; then H.R. 1301 in the 114<sup>th</sup> Congress; and now H.R. 555 in the current, 115<sup>th</sup> Congress; and

Whereas, Representative Kinzinger has often spoken publicly in favor of our legislation, and of the benefits of Amateur Radio to the public; and he has been a steadfast, advocate for this important and beneficial legislation, leading the effort resulting in unanimous passage of H.R. 1301 in the House last term and the very early introduction of H.R. 555 in the current Congressional term; and

Whereas, Amateur Radio could never hope for better leadership and support than that consistently provided by Representative Kinzinger with respect to the Amateur Radio Parity Act, which is critical to the well-being and continuity of the Amateur Radio Service in the United States;

Now, therefore, the ARRL Board of Directors hereby confers the second Barry Goldwater, K7UGA Achievement Award upon United States Representative Adam Kinzinger, a great friend to Amateur Radio over the last 4 years and a patriotic American, with our utmost appreciation and gratitude. Representative Kinzinger's understanding of the value of Amateur Radio to the public interest and the pursuit of scientific and technical knowledge has led him to act in the spirit of Senator Barry Goldwater, K7UGA, whose exemplary support for Amateur Radio in Washington inspired the award in his honor. The award should be presented to Representative Kinzinger in Washington on a timely basis.

Mr. McCarthy left the meeting at 11:30.
