Therefore, be it resolved that the ARRL Bylaws be amended by replacing the existing Bylaws 19, 20, and 41 with the Bylaws texts listed below.

19. The Ethics and Elections Committee shall delete the name of any nominee who is either ineligible for election or has withdrawn by written communication. If there is only one eligible nominee, the Ethics and Elections Committee shall declare him or her elected without balloting by the membership. If there is more than one eligible nominee, then on or before October 1 of that year the Secretary shall make a paper or electronic ballot available to every person who was a full member of the League in the divisions in which elections are being held on the tenth day of September of that year. The ballot shall list the names of the candidates for director in the division in alphabetical order.

20. Ballots, to be counted, must reach the address established for their return no later than noon Eastern Time on the third Friday of November of the election year. The Ethics and Elections Committee shall appoint a committee of three tellers including at least one Director and shall arrange to have a certified public accountant present to certify the results of the balloting. No outer envelopes marked as containing ballots shall be opened until the meeting of the committee of tellers held for the purpose of counting the ballots. The committee of tellers shall meet at the headquarters office of the League as soon thereafter as possible and in the presence of each other shall open the envelopes containing ballots and shall count the vote, after first eliminating the ballot of anyone disqualified from voting.

Alternatively, the Ethics and Elections Committee may arrange for the distribution of ballots and tabulation of results by a qualified and disinterested entity provided that the tabulation is observed by a representative of the Committee and the qualified and disinterested entity attests to the accuracy of its tabulations. Upon completion of the ballot count and/or receipt of the attested ballot tabulation, a report of the results of the vote shall be prepared and signed, in the name of the Ethics and Elections Committee, declaring duly elected as Director the candidate in each division receiving the greatest number of votes therein; and all records and ballots shall be turned over to the Secretary for presentation at the next annual meeting of the Board of Directors.

Any member of the League who shall deliver to the Secretary on or before the first day of October of election year a written petition signed by at least ten full members of a division, stating their desire that he or she witness the counting by
the committee of tellers of the ballots from that division, shall be permitted to do so.

- Determine eligibility of candidates for Director and Vice Director, including but not limited to receipt and review of petitions and certification of eligible candidates
- Certify a nominee's eligibility under Article 12 to fill a Vice Director vacancy under Article 7
- Supervise the balloting for Director and Vice Director, including but not limited to review of all campaign statements and materials, oversight of the balloting process in accordance with Bylaw 20, and releasing the election results
- Advise the Chief Executive Officer on, and recommend to the Board standards for, Section Manager elections

Decisions of the Ethics and Elections Committee may be reviewed by the Board of Directors upon the written request of any candidate for that office or five or more Directors. Review shall be limited to the materials submitted to the Ethics and Elections Committee. A majority of the Board of Directors is required to change any decision of the Ethics and Elections Committee.

The members of the committee shall be annually appointed by the President at the Annual Meeting from among those Directors not subject to election during the year of service. The President shall designate the chairman of the Committee.
