

# Trusted QSL 1.13

In order to request certificates or save certificates make certain that you have the current version of TrustedQSL software.

The most recent version is TQSL 1.13

To check your software version

1. Open either program TQSL or TQSL CERT
2. Select HELP
3. Select ABOUT to view the software information.

If you do not have TQSL 1.13 you may download the software here.

Download [Trusted QSL 1.13](#) for Windows.

Download [Trusted QSL 1.13](#) for Mac OSX

Do not uninstall existing software.

New files will overwrite older files.
