55. Mr. Zygielbaum moved, seconded by Mr. Ritz that:

There is no defined connection between Division Directors/Vice Directors and Section Managers within their Divisions. Because there is no guideline and no statement of expectations, this relationship varies from strong and mutually supportive to virtually non-existent across the League. The Division Directors/Vice Directors and Section Managers represent the face of the ARRL to members. The lack of guidance on the interaction has created a lack of communications and interaction that would be of benefit in assuring the health and growth of our organization.

The Board established the Emergency Communications and Field Services Committee (ECFSC) as a standing committee to provide policy guidance with respect to the field organization. It would rightly be within the purview of this committee to take on the task of recommending a solution to this problem.

It is moved that:

1. The Emergency Communications and Field Services is tasked to create a guideline document describing the expected relationship between Division Directors/Vice Directors and the Section Managers and their appointees within the Division. The guidelines must be sensitive to the existing reporting responsibilities of the Section Managers to the Field Organization managers. The development of the document shall be done in a manner that engages review and contributions by members of the Board as well as the appropriate Field Organization managers at ARRL headquarters. The intent is to facilitate effective communications and coordination in both directions between Division Directors/Vice Directors and Section Managers without interfering with the normal chain-of-command in the Field Organization.

2. The ECFSC will recommend a process to distribute the guidelines and engage Division Directors/Vice Directors and Section Managers to accomplish its goals.

3. The ECFSC is asked to provide a progress report in the July 2022 meeting and a draft plan in the January 2023 meeting.

After a discussion, the motion was APPROVED.

The Board was on break for lunch from 12:06 PM to 1:00 PM with all returning except Mr. Morine.

WHEREAS, Louisiana ARES provided outstanding emergency communications and support to the citizens of the State, government and NGO served agencies in planning and operations during Hurricane Ida, September 2021.

WHEREAS, the members and leadership of Louisiana ARES braved dangers and endured hardships while providing vital emergency communications during and in the immediate aftermath of this powerful storm.

THEREFORE, be it Resolved, that the ARRL Board of Directors expresses its sincere gratitude and commends Jim Coleman, AI5B Louisiana SEC, the Louisiana ARES leadership, the Louisiana ARES membership and all supporting ARRL members and radio amateurs involved in the Hurricane Ida response.

59. Mr. Zygielbaum moved, seconded by Mr. Luetzelschwab that:

Whereas, a $300,000 line item in the 2022-2023 ARRL Budget provides funding to hire an additional federal lobbying firm or specialists in federal lobbying if a need is identified to do so. There is concern about the cost-benefit of such an expenditure and that benchmarks must be created to measure and confirm the effectiveness of the expenditure to inform decisions on the inclusion of such a line item in future years’ budgets.

It is moved that:

1. The additional funding may not be expended until a plan for the expenditure is approved by the A&F Committee.
2. The plan shall include
a. a description of proposed expenditures at a detail sufficient to provide the ability to track and confirm the use of the funds with respect to the plan,

b. delineation of specific outcomes expected over the budget period, and

c. some measure or benchmark that confirms that the benefit achieved is reasonable with respect to the cost incurred at the end of the budget period.

3. It is understood that this plan may need to be modified and updated as the work proceeds. Such changes shall be submitted to the A&F Committee.

After a discussion, the motion was APPROVED.

Closing Courtesies:

60. Mr. Roderick asked Mr. McBride if he had any final comments. Mr. McBride expressed his pleasure with meeting everyone, enjoyed his time with ARRL and is looking forward to future meetings and discussions. Mr. Roderick requested Mr. McBride to take our best wishes to our colleagues to the north.

Mr. Roderick thanked everyone for a good meeting and their hard work.

61. There being no additional business, on the motion of Mr. Ryan and seconded by Mr. Williams, the meeting ADJOURNED at 2:39 PM.

ARRL STANDING ORDERS
(Updated January 17, 2022)

Editor’s Note to the Board

This document contains the existing standing orders, as originally written. They are arranged into groups by subject.

Standing Orders adopted before 1983 were revised and restated at the 1989 Second Meeting or the 1991 Annual Meeting. These bear the numbers, from 1 to 132, that were assigned at that time. [Secretary’s note: Because so many of the early Standing Orders have been deleted, and because the numbering system used prior to 1983 offers no information as to when the motion was adopted that resulted in the Standing Order, it would be appropriate to eliminate the references to the 92 deleted Standing Orders from prior to 1983 and to renumber the remaining 40 Standing Orders.]

For Standing Orders adopted in 1983 and later years, the numbering system is that the first three digits indicate the year and whether the Standing Order was adopted at the first or the second meeting of the year, and the last two digits indicate the Minute at which the Standing Order was adopted. For example, "89-2.21" indicates that the Standing Order was adopted at Minute 21 of the Second 1989 Meeting.

This January 2022 version is numbered by topic area, substitutes CEO for EVP, and adds Vice Directors and Officers where necessary. A Blue-colored policy has not been changed, but change is clearly necessary.

4.4.1.1 Recommended Financial Control Policy Applicable to Permanently Restricted Funds. Should it be recommended that cash be withdrawn from the Investment Portfolio, an affirmative vote of the Board is required to affect the transfer.

4.4.1.2 Recommended Financial Control Policy Applicable to General Funds. A Board approved formula will be used as the basis for determining the maximum amount that can be withdrawn from the General Fund portion of the Investment Portfolio for the purpose of balancing the League's cash flow.

4.4.1.3 Recommended General Fund Withdrawal Formula. For purposes of determining the maximum allowable withdrawal from the General Fund portion of the Investment Portfolio, the following formula will apply:

The Maximum Allowable Withdrawal will be the sum of the (a) proportionate share of estimated earnings (interest and dividends) for the current year, (b) plus the net realized gain apportioned to the General Fund and (c) 6 percent of that portion of the Investment Portfolio applicable to the General Fund.

4.4.1.4 Recommended Policy of Allocating Investment Portfolio Income. Interest and Dividend Income derived from the Investment Portfolio will be allocated among the three sectors (Life Membership, Permanently Restricted and General Fund) proportionately, based on the sectors' average balance at market as a percentage of the total average balance at market of the portfolio.

4.4.1.5 Recommended Financial Control Policy Applicable to the Life Membership Program. If operationally generated cash flow is insufficient to cover the annual cost of the Life Membership Program, a transfer of cash from the LMP portion of the Investment Portfolio, not to exceed the total annual cost of the program, will be permitted without Board approval.

- CONSIDERATE...never knowingly operates in such a way as to lessen the pleasure of others.

- LOYAL...offers loyalty, encouragement and support to other amateurs, local clubs, and the American Radio Relay League, through which Amateur Radio in the United States is represented nationally and internationally.

- PROGRESSIVE...with knowledge abreast of science, a well-built and efficient station and operation above reproach.
• FRIENDLY...slow and patient operating when requested; friendly advice and counsel to the beginner; kindly assistance, cooperation and consideration for interests of others. These are the hallmarks of the amateur spirit.

• BALANCED...radio is an avocation, never interfering with duties owed to family, job, school, or community.

• PATRIOTIC...station and skill always ready for service to country and community.

5.9 IARU PARTICIPATION

5.9.1 [Prior SO #93-2.68] It shall be ARRL policy to support the spectrum requirements of the International Amateur Radio Union.

5.9.2 [Prior SO #94-2.53] The Chief Executive Officer shall take necessary steps to insure the continued ARRL participation in the USTTI program aimed at providing timely training concerning Amateur Radio administration. 5.10 FIELD DAY

5.10.1 [Prior SO #01-2.27] ARRL Field Day rules shall support the full participation of all Region 2 countries, and an invitation extended to all Region 2 radio societies to participate in Field Day.

5.11.1 [Prior SO #12-2.29]

Whereas the ARRL Historical Committee and the ARRL Historical Collection do not have formal Guidelines, Policies or Terms of Reference regarding the accession, care and deaccession of documents, images or artifacts in the collection;

Whereas formal Guidelines, Policies or Terms of Reference regarding the accession, care and deaccession of documents, images or artifacts would enhance use, protection and preservation of the collection;

Whereas the ARRL Historical Committee has proposed Guidelines, Policies or Terms of Reference regarding the accession, care and deaccession of documents, images or artifacts in the collection;

Now therefore the ARRL Board of Directors adopts Guidelines, Policies or Terms of Reference regarding the accession, care and deaccession of documents, images or artifacts in the ARRL Historical collection as proposed by the Historical Committee.

5.12 EMERGENCY LIAISON STATION APPOINTMENT

5.12.1 [Prior SO #09-2.26] The Board establish[es] the Emergency Liaison Station appointment. This is a national level appointment conferred by ARRL Headquarters. The ELS will utilize Voice over Internet Protocol to amateur HF or VHF linking in order to bring W1AW presence into emergency nets and drills.
6.0 LEGAL ISSUES

6.1 CONTRACT LEGAL REVIEW

6.1.1 [Prior SO #10-2.34] Publication printing contracts valued at or in excess of $20,000, or other contracts and agreements valued at $10,000 or greater must be reviewed from a legal standpoint by the ARRL General Counsel.

6.2 LEGAL ASSISTANCE TO MEMBERS

6.2.1 [Prior SO #104] A strong and appropriate disclaimer is to be noted upon all materials and responses made to requests for assistance or inquiries involving legal matters; it is the intent and sense of the Board, and accordingly, League policy, that the League is not furnishing legal aid or advice to anyone and that any response made by the League be understood to be general guidance pointing only to an appropriate source of help.

6.3 VOLUNTEER MEMORANDA OF UNDERSTANDING

6.3.1 [Prior SO #07-2.30]

WHEREAS, ARRL volunteers routinely provide public service and disaster relief communications; and

WHEREAS, governmental agencies and public service agencies may need to verify identities of volunteers and establish that volunteers do not have a criminal background; and

WHEREAS, theft of identity and loss of personal data has become a matter of great concern to many individuals;

NOW THEREFORE, the ARRL Board of Directors adopts the following policy relating to memoranda of understandings with other parties:

“Ideally, Amateur Radio emergency communications volunteers participating in ARRL-sponsored programs should not be required by served agencies to undergo background investigations of any kind. However, it is generally acceptable for a served agency to require these volunteers to undergo a criminal background check, preferably performed by a law enforcement entity. It is not reasonable for a served agency to require these volunteers to consent to credit checks, mode of living investigations, or investigative consumer reports. In negotiating or renegotiating memoranda of understanding that commit the League to provide volunteer emergency communications support, the League must be assured that these volunteers will not be required by the partner organization to consent to credit investigations, mode of living investigations, or investigative consumer reports.”

6.4 LIABILITY WAIVERS

6.4.1 [Prior SO #04-1.37] The ARRL Board of Directors resolves that blanket liability waivers are disfavored by ARRL as a matter of policy because they are contrary to the public interest and the promotion of volunteerism. ARRL discourages event sponsors from requiring such waivers as a condition of accepting the volunteer service of radio amateurs at public service and public safety events.
While ARRL takes no position as to whether field organization participants should sign such blanket waivers when required by the event sponsor, radio amateur participants are cautioned that the signing of these blanket waivers may preclude recovery of any loss they incur as the result of their volunteer services, no matter what the cause of the loss.

6.5 LEGAL RESEARCH AND RESOURCE FUND

6.5.1 [Prior SO #86-2.63] A Legal Research and Resource Fund is established to provide for research and expert opinions and filing of amicus curiae briefs in Amateur Radio-related legal proceedings. Any such assistance shall be upon recommendation of the Amateur Radio Legal Defense & Assistance Committee. The fund shall be supported by voluntary member contributions.

6.6 AMATEUR RADIO EMERGENCY SERVICE

6.6.1 [Prior SO #04-2.20] WHEREAS, for security reasons and for purposes of establishing formal relationships with served agencies, ARES® groups within an ARRL section are increasingly in need of affirmative recognition; and

WHEREAS, ARES® (Amateur Radio Emergency Service®) is a program of, and both logos are registered trademarks of the American Radio Relay League, Incorporated;

NOW THEREFORE, it is ARRL policy that ARES® groups, and any group using the ARES® logo, shall acknowledge the nature of the ARES® program as an ARRL program, and abide by the guidelines of the program established by ARRL as amended from time to time, according to the following principles:
