Sending and Receiving Paper Gems
What is a QSL Card?

“QSL” is a telegrapher’s shorthand for:

“I acknowledge receipt of your message or transmission.”

A QSL card is a written confirmation or acknowledgment of a contact.
Why Do I Want a QSL Card?

- **Courtesy** – Sending a QSL card is the final handshake of a contact.

- **Awards** – QSL cards serve as proof of a two-way contact needed for certain awards.

- **Tradition** – Exchanging QSL cards has been a long tradition in ham radio and it is fun to get cards from other contacted hams.
# Information on a QSL Card

Be sure to include all of this basic information because QSL cards are often used to verify contacts for awards.
