

HAM RADIO LICENSE CLASS

Discover the excitement of HAM Radio. Local Amateur Radio Operators (HAMs), will offer a two day Class to help prepare students for their Federal Communication Commission Technician Class Radio License Examination.

The Amateur Radio Service offers a unique mix of public service, technology and experimenting with electronics—all with an emphasis on fun. Some hams use their skills to provide communications during emergencies and disasters when all else fails. Others enjoy talking to people across the country and around the globe, participating in local contests and building experiments.

The Class is scheduled for April 18-19 Starting at 8am at the Vilas County Economic Development Manufacturing Incubator at 4825 Hwy 70 West, Eagle River, WI. The Class will include:

- Welcome to Amateur Radio**
- Radio and Signals Fundamentals**
- Electricity, Components, and Circuits**
- Propagation, Antennas, and Feed Lines**
- Amateur Radio Equipment**
- Communicating With Other Hams**
- Licensing Regulations**
- Operating Regulations**
- Safety**

Radio equipment will be available to provide live demonstrations of several different modes on different frequency bands.

Although there is no fee for the class, students will be expected to purchase the text book for the class. There are limited class openings. Contact Paul Clay at (715) 891-0157 pclay@nnex.net to sign up.
