

# General Class License Exam Preparation

## Required Operating System & Hardware

Please take time to review each of the requirements below and make sure that your system has the required configuration. Tests are provided to confirm that your browser has the required capabilities. Most modern browsers will already have most or all of these features installed. Links to web sites that provide downloadable files for required components are also provided. All of the required items may be downloaded free of charge. This course is best viewed in 1024 by 768 screen resolution. It is recommended that you press the "F11" key on your keyboard. This will allow you the most viewable area for this course. Pressing F11 again will toggle your browser back to standard view.
